

BRYCYN GOSSETT

+1 (805) 570-3907 | brycyn8@gmail.com | linkedin.com/in/brycyn-gossett-241a6126b/

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in full-stack and enterprise software development. Demonstrated success in building enterprise-grade applications, including web platforms, cross-platform mobile apps, and scalable backend systems. Proficient in Python, Java, JavaScript/TypeScript, Apex, and React/React Native, with a strong emphasis on real-time data integration

EDUCATION

Westmont College August 2022 - May 2024

Bachelor's, Computer Science

- Strong understanding of machine learning algorithms and concepts, including neural networks, and decision trees.
- Experience in developing AI applications.
- Men's Basketball

Santa Barbara City College August 2019 - May 2022

Associate's, Economics

- Computer Network Engineering
- Business Administration & Economics

PROFESSIONAL EXPERIENCE

Webconnex Remote

Engineering Intern

May 2025 - Present

- Redesigned and optimized the Account Manager UI on the Webconnex platform using React, improving mobile responsiveness and enhancing overall usability
- Implemented custom GraphQL logic to enable users to seamlessly retrieve and edit account information across devices, increasing accessibility and user satisfaction
- Developed automated tests in React/Vite leveraging Apollo Client mocks to validate login functionality via GraphQL, improving test coverage and ensuring robust user authentication handling.

Westmont College Montecito, CA, USA

Lead Software Developer

May 2023 - Present

- Lead a team of student developers at CATLab through development of new features of Westmont College's mobile application, and implementing user-oriented design principles.
- Developed and deployed a cross-platform mobile application for iOS and Android using React Native and Expo, enabling real-time data retrieval and system-wide access.
- Developed enterprise-grade mobile application features for real-time data retrieval, enhancing the user experience for 2,000+ users
- Contributed to code reviews, ensuring adherence to best practices and optimizing application performance.
- Developed several custom Lightning Web Components in an agile development environment at Westmont College.

Tondro Consulting Remote

Salesforce Developer

June 2024 - October 2024

- Designed and deployed 3 custom Lightning Web Components (web applications) to streamline data presentation, enabling dynamic interactions such as column-specific actions
- Designed scalable backend logic and frontend interactivity using Apex and JavaScript, ensuring compliance with industry standards and supporting secure enterprise-wide deployment.
- Integrated complex logic for attendance tracking using Salesforce, deploying custom components across multiple platforms to ensure compliance and accuracy for 500+ users.
- Experienced in handling large datasets and ensuring accurate data formatting and cleanliness.

SKILLS

- Proficient in Java and Apex, with a strong foundation in object-oriented programming transferable to C# and C++
- Solid communication and collaboration skills for working in a team environment
- Strong Drive for learning and staying up-to-date with the latest technologies and trends in the software engineering field.

PROGRAMMING LANGUAGES

- Java, SQL, Apex, Python, JavaScript, TypeScript, React, HTML, SOQL, CSS familiar with C++ and C#

CERTIFICATIONS

Salesforce Certified AI Associate - Credential ID 5217642
